Soil quality – A critical review - ScienceDirect

A newly released study, produced with help from eight universities, found some good news. Between 1993 and 2009, the global impact of human activities on the terrestrial environment is expanding more slowly than the rates of economic and/or population growth.

WOA! - Sustainability, Resource Depletion

Purpose. This work is meant to provide a guide to the freshwater fishes of Iran. There are no modern keys to this fauna, some available books are incomplete or cursory treatments or outdated, and the detailed and diverse scientific literature is widely scattered in time, languages and journals.
