Building Torah communities that are founded on Biblical theology and on the model put forth by the Apostles in the first century.

**Foundations: Building Torah Communities Founded on Yeshua**

This edition covers the loadings on a building, and the construction of the structural elements including the foundations, walls, floors, roofs and chimneys.

**Structure: Approved Document A - GOV.UK**

Pile foundations are used in the following situations: When there is a layer of weak soil at the surface. This layer cannot support the weight of the building, so the loads of the building have to bypass this layer and be transferred to the layer of stronger soil or rock that is below the weak layer.
