PNAS Author Center. PNAS authors, editors, and reviewers come from around the globe. Submissions are welcomed from all researchers. Authors do not need to have a connection to an NAS member to publish in PNAS.

Information for Authors | PNAS

A scriptural framework leads to specific expectations about the genetic differences among humans and other species, expectations that can be scientifically tested against modern genetic data. Genetics confirms the recent, supernatural creation of Adam and Eve and refutes the evolutionary narrative on human origins.

Genetics Confirms the Recent, Supernatural Creation of

Leadership is a key predictor of employee, team, and organizational creativity and innovation. Research in this area holds great promise for the development of intriguing theory and impactful policy implications, but only if empirical studies are conducted rigorously.

Leadership, creativity, and innovation: A critical review

Science Books Online lists free science e-books, textbooks, lecture notes, monographs, and other science related documents. All texts are available for free reading online, or for downloading in various formats.
